## Executive Summary

The mission, goals, objectives and action steps of the Missouri three (3) year Statewide Plan for Independent Living (SPIL) for 2021 – 2023 are defined in Section 1 of the State Plan. The mission of the Missouri IL Network, and the SPIL, is to ensure that individuals with disabilities in Missouri live independently and participate as they choose in the community.

The SPIL contains four (4) goals to achieve progress toward the mission:

1. Community Integration: Increase community integration of persons with disabilities across Missouri in these three areas: (1) Housing, (2) Employment, and (3) Transportation.
2. Civic Engagement: Stimulate civic engagement of Missourians with disabilities and Centers for Independent Living (CILs) to result in increased inclusion and independence. Objectives: (1) Increase civic engagement of persons with disabilities, promoting self-advocacy. (2) Increase voter registration, (3) Educate self-advocates about serving on local and state boards, committees, and commissions. (4) CILs will reach out to their local election commissions to offer resources on ADA compliance and accessible voting.
3. Emergency Preparedness: Expand emergency preparedness, response and recovery for people with disabilities in Missouri. Objectives: (1) Ensure access to disability emergency planning and preparedness resources that can be used by consumers to ensure their safety during a disaster or pandemic. (2) MOSILC and CILs continue to build disability inclusion into all aspects of emergency management through partnerships with local, state, and federal emergency management.
4. SILC Capacity: Increase the capacity of the Missouri Statewide Independent Living Council.

The SPIL contains objectives and action steps directed towards the achievement of these goals. The MO IL Network utilizes SPIL workgroups comprised of CIL EDs and staff, SILC ED and members, self-advocates and parent advocates, and VR-IL Director and staff to work on action steps. This unique setup allows a truly integrated and community approach to support Independent Living.

The scope of services provided, outreach related to unserved and underserved populations, coordination of services and cooperation among programs and organizations to support inclusive community living are described in Section 2.

A detailed explanation of expansion of the network, minimum funding levels for CILs, and distribution of funds is included in Section 3.

Section 4 represents the Designated State Entity's (DSE) response to their administrative responsibilities related to the SPIL.

The Statewide Independent Living Council's (SILC) establishment, autonomy, resource plan, appointment process, and staffing are detailed in Section 5.

Section 6 provides legal certifications for the identified entities involved with authorities and responsibilities of the SPIL.

Section 7 identifies the DSE assurances and expresses the administrative role and responsibilities of the DSE.

Section 8 provides the SILC Assurances and Indicators of minimum compliance, detailing the functions, authorities, and requirements for operating as a SILC.

The twenty-two CILs in Missouri are funded with a combination of state and federal funds. Missouri IL receives approximately \$1,370,732 Part C funds and \$338,717 in Part B funds, \$73,775 of which is used to support the SILC each year, \$206,913 to CILs in grants, \$34,135 to RSB for IL services each year, with the remaining \$6,000 to support DSE administrative IL expenses.

Through an MOU, a portion of the Chapter 1, Part B monies, referenced above, are spent through Rehabilitation Services for the Blind (RSB) to provide independent living services for individuals who are blind and visually impaired.

Social Security Reimbursement monies totaling \$1,167,633 are dedicated by the DSE to the independent living program. An amount of \$1,060,633 is distributed to the CILs in grants, leaving the remaining \$107,000 for required DSE administrative and oversight responsibilities.

State funding of approximately \$3,459,200 will be distributed to CILs each year. This amount more than satisfies the Part B federal match requirement of 10% or \$37,635. Thirteen CILs receive state funding only, while the remaining nine are funded with both state and federal funds through Part B or Part C. This funding is used to provide independent living services to individuals with significant disabilities and to support the general operation of centers. As a 722 state, Part C funds are disbursed directly to the four CILs receiving Part C funding while the Part B and state funds are disbursed through state grants to the twenty-two CILs.

Five staff members of the MVR are assigned partial duties related to activities as defined in Chapter 1 of the Rehabilitation Act as Amended. The staff provide monitoring, guidance and training to the CILs. The SILC Executive Director provides administrative duties for the operation of the council.

**Additional Funding:**

**COVID-19 Aid, Relief, and Economic Security Act (CARES Act) supplemental funding**

Nationally, Centers for Independent Living (CILs) have received \$85 million in COVID-19 Aid, Relief, and Economic Security Act (CARES Act) supplemental funding for Part C Centers. \$85 million for Centers for Independent Living is to provide direct and immediate support and services to individuals with disabilities who are experiencing disruptions to their independent, community-based living due to the COVID-19 pandemic. Services will ensure individuals with disabilities have the supports they need to safely stay in their homes or return home after a hospitalization or institutionalization during (and directly after) COVID-19.

**CARES Act allocated \$1,324,958 directly to Missouri’s 4 Part C Centers on 4-21-20:**

MO DISABLED CITIZENS ALLIANCE FOR INDEPENDENCE INC \$ 301,477  
 MO PARAQUAD, INC \$ 458,972  
 MO INDEPENDENT LIVING CENTER OF MID-MISSOURI, INC \$ 283,162  
 MO WHOLE PERSON, INC \$ 281,347

## 2.2 Outreach

Identify steps to be taken regarding statewide outreach to populations that are unserved or underserved by programs that are funded under Title VII, including minority groups and urban and rural populations.

– Definitions of “unserved” and “underserved” for outreach

Unserved populations are those that do not have access to service delivery in the State of Missouri.

Underserved populations are those that have access to service delivery in the State of Missouri, however, those populations are considered disadvantaged because of ability to access services for reasons of race, religion, language group or social status.

Missouri does not consider any population as unserved as all 114 counties in the state are served by a CIL. The Missouri underserved IL populations targeted for outreach efforts include youth,

Deaf and hard of hearing, veterans with disabilities, those with mental health diagnoses, cognitive, blind and low vision, and minority groups as determined by the region or community.

– How unserved and underserved are determined

CILs, as cross-disability organizations, will maintain contact with appropriate community organizations specific to outreach to the mental health community, veterans, senior citizens and the community of persons who are blind or visually impaired. The populations indicated above are located throughout Missouri. The twenty-two CILs in Missouri serve every county and city in Missouri where the targeted populations reside.

– Targeted populations and/or geographic areas

All groups identified above as unserved/underserved live dispersed throughout the 114 Missouri counties and 1 independent city. The CILs each have their own outreach plans. This section is to address statewide outreach efforts and is to be separate from, not inclusive of or replacing, the CILs outreach plans.

– Outreach activities and methods to be conducted and who will conduct each

1. CIL staff will establish and continue contact with local community partners that are minority focused to educate on CIL services and encourage referrals.
2. CIL staff will collaborate with youth and family focused organizations, e.g. the youth mentoring service provider, Special Education Cooperatives, schools, etc. to increase independent living opportunities to young people with disabilities.
3. CILs, as cross disability organizations, will establish and continue contact with appropriate community organizations specific to outreach to the mental health community, the blind or low vision community, the Deaf and hard of hearing community, and the cognitive disability community.

The following programs will continue to be provided: health fairs in underserved areas, presentations for outreach, broadening distribution of PSA's which are bi-lingual, outreach to senior citizens and nursing homes, outreach by SILC to the Veteran's Commission and issue invitations to attend SILC meetings, invitations to attend SILC meetings to State agencies for senior citizens. Through the 501c3, the SILC provides scholarship opportunities to eligible students attending accredited colleges or vocational programs. The SILC sponsors youth to attend the MO Youth Leadership Forum annually.

### 2.3. Coordination

As was true with our previous SPIL, MOSILC and the CILs continue to pursue and develop partnerships and collaborations with other providers of IL or closely related services at the federal, state, county, municipal and public/private sector levels. The Missouri Department of Health and Senior Services/Division of Senior and Disability Services, and the Missouri Governor's Council

on Disability representatives give quarterly updates at the MOSILC quarterly meeting. The DSE holds quarterly meetings for the IL grantees and others to help increase collaboration and sharing of information for the IL programs across the state. MOSILC meets with and provides SPIL updates to members of MOCIL (an association of Missouri Centers for Independent Living). MOSILC holds a seat on and attends the State Rehabilitation Council meetings. The MOSILC facilitates IL network meetings as needed. CILs are invited to all MOSILC quarterly meetings.

Missouri has a history of coordination between agencies to ensure awareness of community needs while avoiding duplication of services. Much of the coordination and collaboration occurs at the local level when reviewing the services required in order to meet the needs of individuals in that community.

The Missouri IL program coordinates with the Missouri Department of Health & Senior Services, Missouri Department of Elementary & Secondary Education, universities, developmental disability agencies, public health entities, Missouri Department of Social Services, Department of Environmental Health, Department of Commerce and Insurance (DCI), state organizations and agencies handling housing, community mental health centers, transportation councils, VR programs and veteran's programs. Missouri IL programs make a concerted effort to use existing programs to gain maximum benefits of Title VII, Chapter 1 funds and to ensure no unnecessary duplication of services.

There is continuous collaboration in Missouri between the SILC, CILs, and the DSE to work together in the development of statewide trainings. The CILs will continue to capitalize on the knowledge of policy makers and officials on the needs of individuals with disabilities. The CILs will expand integration of individuals with disabilities into mainstream society through the enrichment of the IL philosophy. CILs will work to ensure that IL providers outside of the CILs have knowledge of the five core services in order to provide a responsive network of supports and services to meet the needs of individuals with disabilities.

### 3.2 Expansion and Adjustment of Network

There are twenty-two CILs receiving state funding (four of which are Part C and five Part B CILs, and eighteen state funded only CILs). All Missouri counties are served by a CIL. Missouri has no geographically unserved areas. The DSE, CILs and SILC prioritized the underserved areas in Missouri as listed below. The minimum annual funding level for establishing a new center should be \$570,000. This amount would be used for salaries and overhead in providing services in the underserved area. Should additional funding become available (beyond the required cost-of-living increase) but less than \$570,000 it would be distributed to the current CILs in Missouri proportional to the regular award amounts from ACL (federal) and/or state general revenue. If \$570,000 or more becomes available, the MOSILC and CILs will determine the allocation of those funds.

## Section 4: Designated State Entity

- (3) Keep such records and afford such access to such records as the Administrator finds to be necessary with respect to the programs;
- (4) Submit such additional information or provide such assurances as the Administrator may require with respect to the programs; and
- (5) Retain not more than 5 percent of the funds received by the State for any fiscal year under Part B for the performance of the services outlined in paragraphs (1) through (4).

### 4.2 Grant Process & Distribution of Funds

Grant processes, policies, and procedures to be followed by the DSE in the awarding of grants of Part B funds.

Missouri Vocational Rehabilitation (MVR) will follow the State of Missouri processes for grants.

### 4.3 Oversight Process for Part B Funds

The oversight process to be followed by the DSE.

Missouri Vocational Rehabilitation (MVR) monitors monthly financial reports as well as quarterly and annual individual program performance reports submitted by all CILs receiving funding through MVR. Additionally, MVR also requires submission of independent auditor's reports by MOSILC and all CILs annually.

## **Section 5: Statewide Independent Living Council (SILC)**

### 5.1 Establishment of SILC

How the SILC is established, and SILC autonomy is assured.

The Missouri Statewide Independent Living Council, Inc. aka Missouri SILC aka MOSILC is incorporated as a non-profit, has received 501 (c)(3) status from the Internal Revenue Service, and is independent of all State agencies, including the DSE. The MOSILC is governed by a Governing Council of Directors with members appointed by the governor. In the absence of paid staff, the board may designate assignment of MOSILC duties. MOSILC's office is located separate from the DSE. The Missouri SILC Governing Council is responsible to contract and evaluate its independent contractor contracted to administrate the duties of Executive Director, establish and manage its budget, and set and carryout priorities and activities.

### 5.2 SILC Resource plan

Resources (including necessary and sufficient funding, contractor (ED)/administrative staff, and other contracted services), by funding source and amount, for SILC to fulfill all duties and authorities.

The MOSILC resource plan includes:

\$9,898 RSB + \$63,877 OALRS + \$36,153 Innovation and Expansion Funds for FFY 2021  
 \$9,898 RSB + \$63,877 OALRS + \$36,153 Innovation and Expansion Funds for FFY 2022  
 \$9,898 RSB + \$63,877 OALRS + \$36,153 Innovation and Expansion Funds for FFY 2023

of the State Plan for Independent Living (SPIL) and other authorities as described in Section 705 of the Rehabilitation Act of 1973, as amended. The MOSILC will maintain staff and an office commensurate to the efforts necessary to carry out the work of the Council.

The resource plan outlined above identifies the federal and state funds provided by the DSE for the operation and management of the MOSILC in accordance with its federally designated duties and authorities.

The Resource Plan supports management and operation of the MOSILC, including but not limited to, independent contractor, maintaining not for profit 501(c)3 status, contractual services necessary to meet the designated duties and authorities of a SILC, council training and development, and travel costs and reasonable accommodations for members and independent contractor and staff. The MOSILC is autonomous and responsible to manage its budget.

*Process used to develop the Resource Plan.*

In accordance with the Rehabilitation Act of 1973 as Amended by WIOA of 2015, MOSILC and the DSE adhere to: SEC. 713. AUTHORIZED USES OF FUNDS.

*Process for disbursement of funds to facilitate effective operations of SILC.*

As an independent and autonomous organization, MOSILC is responsible for management of its budget and any expenditures. As a grantee with the DSE, the MOSILC agrees, as follows, to be responsible for establishing and maintaining adequate procedures and internal financial controls governing the management and utilization of funds provided hereunder which will be in the form pursuant to generally accepted accounting procedures.

In addition, the MOSILC has in place fiscal policies and procedures which address internal controls, safe-guarding assets, expenditures, cash receipts, cash disbursements, bank statement reconciliation, compliance with all federal and state laws and regulations, and the annual budget process.

In the annual budget process, the MOSILC Executive Director develops a budget, to the maximum extent possible, based on existing net assets and anticipated assets under current agreements; which is then voted on by the Executive Committee, the presented to the Governing Council approval by vote. Budget revisions are made, as needed, when new funding is received during the fiscal year.

The resource plan will support the Councils activities, including contractor, personnel, operations, and the following designated duties and authorities:

**(1) Duties.** – The Council shall:

(A) develop the State plan as provided in section 704(a)(2);

(B) monitor, review, and evaluate the implementation of the State plan;

(C) meet regularly, and ensure that such meetings of the Council are open to the public and sufficient advance notice of such meetings is provided;

(D) submit to the Administrator such periodic reports as the Administrator may reasonably request, and keep such records, and afford such access to such records, as the Administrator finds necessary to verify the information in such reports; and

(E) as appropriate, coordinate activities with other entities in the State that provide services similar to or complimentary to independent living services, such as entities that facilitate the provision of or provide long-term community-based services and supports.

**(2) Authorities.** – The Council may, consistent with the State plan described in section 704, unless prohibited by State law –

(A) in order to improve services provided to individuals with disabilities, work with Centers for Independent Living to coordinate services with public and private entities; MOSILC leadership, in collaboration with all Missouri CILs and other entities whose standard operating practices actively support the IL philosophy, will provide education and awareness to public officials and public employees regarding the needs, priorities and emerging issues of CILs and Missourians with disabilities who need and use their services. This education and awareness can be achieved via public forums, electronic information sharing, and direct presentations at the local and state level.

(B) conduct resource development activities to support the activities described in this subsection or to collaborate and support the provision of Independent Living services by Centers for Independent Living; MOSILC will create a specific committee, subcommittee or workgroup to who will address the identification of potential new and varied revenue and funding sources for the MOSILC. These new sources may be achieved through grantsmanship, partnerships or other fund development measures.

(C) perform such other functions, consistent with the purpose of this chapter and comparable to other functions described in this subsection, as the Council determines to be appropriate.

**(3) Limitation.** – The Council shall not provide independent living services directly to individuals with significant disabilities or manage such services.
